

## Present Contract

Presently Peach County contracts with Advanced Disposal, Inc. for household trash, yard waste and bulk waste roadside pick up. The trash fee is outlined on the yearly property tax bill and the cost is set by the Board of Commissioners. The trash fee includes weekly pickup of household trash and twice monthly pickup of yard debris. Owners of properties that are vacant may appeal to have the fee removed from their bill. Contact Peach County Tax Commissioner's office at 478-825-3161 for more information on the appeal process. Trash Collection service may be started or reinstated by contacting the Public Works Department at 478-825-8717.

## Household Trash Collection

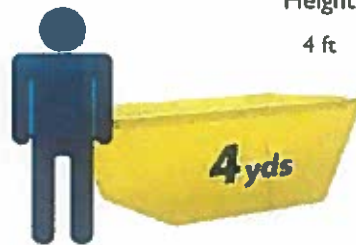

Trash collection policies are defined by the contract with Advanced Disposal, Inc. Below is an outline of the household trash policies:

- Pickup will be once a week Monday Through Friday (unless there is a holiday)
- Place containers by the curb no later than 6:00 AM on the day of their scheduled pick-up.
- Containers shall be placed within 2 feet of the road edge, with the wheels facing toward the house on the opposite side of the driveway from the mailbox.
- Containers must be 4 feet from any poles, lamp posts, vehicles, or other obstructions. If you are in doubt, please place the can where the driver leaves it after pickup.
- Do not stack trash on the top of the trash can. Place extra trash next to the can to avoid trash being spilled.

## Yard Waste Limitations

Yard Debris is picked up twice per month. Piles of yard debris must be placed within 4 feet of the edge of the road by 6 a.m. on the morning of your scheduled pickup. The County's contract with Advanced Disposal puts limits on the size, weight, and amount of yard waste that will be removed at each scheduled pickup. The limitations are in place due to the type of equipment that is used and in order to allow the pickup of all homes on the given route. If more than the allotted amount of debris is removed at the beginning of the route, the homes at the end of the route will not be able to be picked up. If more than the limit of yard waste debris is piled at the street, Advanced Disposal will remove the amount called out in the contract. All yard debris must be within the following limitations:

- Limbs can be no longer than 4 feet, and no larger than 6-inches in diameter,
- No single piece of yard waste greater than 40 lbs. will be picked up.
- Small yard waste such as leaves and grass must be bagged.
- Total yard waste is limited to 4 cubic yards per pick up. Any debris in excess of 4 cubic yards will not be picked up.

Height	Width	Length
4 ft	6 ft—9in	4 ft

- One bulk waste item may also be picked up on the scheduled yard waste pick-up day. No items containing refrigerant such as refrigerators or air conditioners can be picked up unless the refrigerant has been removed by a certified technician and tagged by the technician.

## Cart Replacement and Delivery

If a cart becomes damaged please call Public Works and report the problem. The cart may be repaired or replaced at Advanced Disposal's Discretion. Cart deliveries are made on Monday. Please contact our office by Thursday, 4:30 PM so that we can get information to Advanced Disposal and provide adequate time to schedule delivery.
